Status Report

1. Storm Debris Cleanup

This work is ongoing and is consuming the Parks and Grounds, Streets and Utilities Divisions. There is a lot of material to be picked up, and no doubt there will be more debris coming out from backyards if people are waiting for the heat to subside before tackling the job.

2. BGE Smart Meter Presentation

This item was scheduled for the July 9th Agenda, but it has been postponed at the request of BGE. The Smart Meter implementation is expected to begin in Bowie this fall, so we will try to have the BGE informational presentation on one of the upcoming Council agendas.

3. Harmony Place

Prince George's County has issued a grading permit for the project, and site work is underway. The developer has received a County building permit for the full project. A settlement for the transfer of the one-acre parcel may occur next week.
