

City of Bowie

Memorandum

Thursday, May 12, 2022
Alfred D. Lott, ICMA-CM, CPM,
City Manager

STATUS REPORT

1. Bowie Restaurant Guide May 2022 Edition
There are 124 eating establishments listed in the latest edition of the Guide. Eight (8) of those listed are 'coming soon'. Ten (10) of those listed are not in the City but are just across the city boundary and are considered by many to be 'in Bowie'.
2. Bowie Restaurant Grant
The City Council initiated a grant program for Bowie restaurants to provide for outdoor seating. The grant program was launched this week with information and application materials mailed to 94 Bowie eating establishments. Information has also been posted to the City's website and is being sent via other social and e-media. Grant applications will be received starting Wednesday May 18, 2022 and will be processed on a first come, first serve basis through the date when all the available grant money has been committed or 2:00 PM Thursday, June 16, 2022, whichever date comes first.
3. Economic Development Committee (EDC)
The Bowie EDC held their regular monthly meeting May 11. The topic was 'Education' and three guest speakers provided information that led to a robust discussion. Those guest experts were: Trasee Bradley from the City's Education Committee; Dr. Charoscar Coleman, Associate Superintendent for Supporting Services Prince George's County Public Schools; and Mr. Shawn Matlock, Director, Capitol Programs, also from PGCPs. A copy of the Education Committee information handout and the PGCPs briefing slides are attached. The next regular meeting of the Bowie EDC is Wednesday June 8, 2022.
4. Melford Townhouse Detailed Site Plan #18034-02
Today, the Prince George's County Planning Board reviewed Detailed Site Plan #18034-02 for 249 proposed townhouse units at Melford. The subject site includes approximately 72 acres in the TAC-E (Town Activity Center-Edge) zone and is located at the intersection of Curie Drive and Melford Boulevard. City Council conducted a public hearing on February 22nd and recommended approval. At the conclusion of today's hearing, the Planning Board voted unanimously to APPROVE the Detailed Site Plan which includes the architecture submitted by Mid-Atlantic Builders and two related recreational amenity areas. Commissioner Washington moved approval of the M-NCPPC staff recommendation of approval with four conditions, stating that the architecture is

“outstanding”, including the covered decks. Commissioner Geraldo seconded the motion, noting that the architecture represents some of the finest townhouse design products he has seen during his time on the Planning Board.

5. District Council Decision on Mill Branch Crossing

On Monday, the District Council voted unanimously (11-0) to waive the Council’s election to review Detailed Site Plan #20003 for the Mill Branch Crossing residential component. The DSP application includes construction of 408 multi-family apartment units and 190 townhouse dwelling units on approximately 71 acres of land located in the northeast quadrant of US 301 and Mill Branch Road. City Council held a hearing on February 22nd and voted to recommend approval. The District Council motion was made by Council Member Turner and seconded by Chair Hawkins. A letter will be sent to all parties of record advising them that the District Council chose not to review the application and, therefore, the Planning Board’s decision to approve the DSP, with conditions, is final. In response to the City’s recommendation regarding workforce housing, the apartment builder is currently working with the County’s Department of Housing and Community Development staff with the goal of including some workforce housing units in the project.

City of Bowie

Restaurant Guide

124 Eating Establishments in this Directory!

Updated 05/09/2022

Bowie Restaurant Reimbursement Grant May 2022

The Bowie Restaurant Reimbursement Grant is a grant program to assist small restaurant businesses located in The City of Bowie with establishing and operating outdoor dining.

Program Overview:

- One-time reimbursement of up-to \$2,500.
- The program is funded in the amount of \$20,000 as of May 2, 2022.
- Limited to one award per business entity.
- Eligible grant uses: purchase of tables and chairs solely for use in the outdoor dining operations, and umbrellas, tents, canopies, heaters, and demising or protective barriers for use in an outdoor dining area of the restaurant. Purchases must be made after May 2, 2022 and before November 16, 2022. Receipts must be submitted by November 30, 2022.

Criteria for Eligible Businesses:

- A physical establishment within The City of Bowie.
- A valid Use and Occupancy Permit for the business.
- Must be a registered business entity in good standing with the State of Maryland.
- Be current on all City of Bowie property taxes.
- Have no pre-existing tax liens or legal judgements.
- Restaurant business owners who are subject to an Order of Abatement issued by the District Court in connection with the issuance of municipal infractions issued by a City of Bowie or Prince George's County Code Compliance Officer are NOT eligible for a reimbursement grant.

The following entities are NOT eligible:

- Home-based businesses
- Food Trucks
- Churches

- Non-profit organizations
- Banks & financial institutions
- Investment real-estate entities
- Government agencies

Application and Review:

- Applications will be accepted starting at 7:30 AM Wednesday May 18, 2022 and will be processed on a first come, first serve basis through the date when all the available grant money has been committed or 2:00 PM Thursday June 16, 2022, whichever date comes first.
- Applications may be submitted by email or FAX.
- Applications will be reviewed by the City.
- The grant award will be made by a letter agreement with the applicant.

Payment Information:

- Awardees will be required to produce receipts and provide an explanation about what item or items each receipt is for.

C Elizabeth Rieg Special Education

Natatorium RTU Replacement - To be completed 2023

Heather Hills ES (Magnet)

Grease Trap Replacement - Summer 2023

The Bowie Education Committee Note Sheet

This document shares a brief synopsis of the function of the City of Bowie's Education Committee and how it supports Bowie's schools (its function), its successes, its lessons learned, and what the future holds for the committee and Bowie's schools. The hope is to identify a cross sectionality between the education and economics committees.

Synopsis:

Bowie Education Committee is charged with advising the Bowie City Council on matters relating to education. Education is a top priority in the City of Bowie and schools in Bowie are not only among the best in Prince George's County, but also in the State of Maryland. The success of these schools can be attributed to a number of things including strong leadership in the schools, high standards and expectations in the community, and great parental involvement.

The City of Bowie supports local schools both public and private through a variety of programs that encourage young people to be the next generation of leaders and recognize educators in Bowie schools for their dedication, innovation, and commitment to their students. The Education Committee has established a number of programs to support education and educators in schools in Bowie:

- Bowie Reads - offers free gently used books to children and families annually
- Excellence in Education Reception - honors teachers from Bowie schools
- Grants - provides funding for academic programs, clubs, activities and initiatives
- Scholarships - awards funds for high school seniors who will be attending college

Strengths: Through initiatives like the ones listed above, we support the students and staff of schools as they serve the greater Bowie community under the auspices of PGCPs or the independent mission statements of their academic institutions (in the case of private schools).

Many of our schools have strong community partners and parent involvement. Families are attracted to schools being walkable for some students and "in the neighborhood". The schools have been able to pivot during COVID and increase student access to technology.

There is also a community performing arts center attached to Bowie High School – the Bowie Center for Performing Arts (BCPA). This helps increase access to the arts for all students and residents.

Weaknesses: Some of our schools are in need of repair. Bowie High School needs to be replaced. Our student committee member spoke about the school being overcrowded and having classrooms and restrooms that greatly needed updates. Some of our schools testing scores may not be as high as others; this can cause families to want to move into one neighborhood over another.

Committee members were able to visit the schools and attend meetings and events prior to COVID. The committee hopes to increase this involvement once we move to the endemic phase. The committee will develop additional means to check-in with schools by way of surveys to maintain a current pulse of what the schools need and what ideas they may have for support in addition to what the committee already does. The staff liaison currently does this with the principals but we've found many of the schools are still overwhelmed operating during a pandemic with increasing student and family needs.

Opportunities: There continue to be opportunities for the education committee to positively impact the school community. Through the programs listed above, events like the "fall forum" and community projects like "the story walk" we are able to dialogue with school representatives.

There is also an opportunity to increase school partnerships with the Bowie business community.

The committee would like to increase our scholarship awards through fundraising with local businesses.

Threats/Challenges: The largest threat is our only high school does not adequately meet the infrastructure needs of the community. We have repeatedly inquired about an upgrade, renovation and/or new construction of Bowie High School to adequately support the needs of students in this day and age and to provide an innovative and up-to-date learning environment. Many parents had concerns or questions about the recent boundary change initiative. Many joined the public meetings facilitated by the district to voice their opinions and ask questions. As it stands, our two middle schools Samuel Ogle and Benjamin Tasker would be augmented slightly by shifting some of the students initially deemed for Ogle now to Tasker. Based on the projections, that change seems reasonable. However, the possibility of potentially consolidating two Bowie elementary schools, Pointer Ridge and Woodmore due to under-utilization, was concerning. We trust that as the deliberations and decisions for the final scenario development and approval process take place for SY2023, the best interest of our students and stakeholders will be prioritized.
