

City of Bowie

Memorandum

Wednesday, July 3, 2024

Alfred D. Lott, ICMA-CM, CPM,
City Manager

STATUS REPORT

1. Route U.S. 301 Town Hall Meeting

County Council members Ingrid Watson and Wala Blegay hosted a Town Hall meeting at Bowie City Hall to discuss U.S. 301 traffic concerns arising from the new development along the corridor. All District 23 State Delegates were in attendance, including State Senator Ron Watson. Also in attendance were representatives from M-NCPPC and SHA. Residents from all over the County came to voice their concerns about safety, accessibility and ask questions about the future of U.S. 301. With U.S. 301 being a major artery here in Bowie and Prince George's County, Prince George's County is collaborating with the neighboring counties to produce a comprehensive plan that will get U.S. 301 back on the priority list and will get MDOT and SHA the funding needed to address these traffic and safety concerns.
